

To whom it may concern,

POIC+RAHS is requested that we be granted a waiver for late filing our form 471 for the erate process. This month we ran into problems finding the correct comcast rep to continue our services, in fact we still haven't heard back from them. We also had our CFO depart abruptly which has disrupted the process.

If you need supporting documentation, please let me know what documentation you would like and I can work at getting it.

Thank you for your consideration,

Jason Clanton
